ABOUT MIID

The Malaysian Institute of Interior Designers (MIID) or Pertubuhan Perekabentuk Dalaman Malaysia (PPDM) is the national institute representing the interior design profession in Malaysia.

It is an amalgamation of two previous bodies namely, Interior Designers Institute of Malaysia (Institut Perekabentuk Dalaman Malaysia or IPDM) and the Malaysian Society of Interior Designers (MSID).

The vision of the institute is to develop a sophisticated society of Malaysians who are conversant and appreciative of the creative world of interior design. To this end, the institute conducts various programmes throughout the year to educate, promote and foster better ties between the public and professional members alike. These include:

- 1 A lecture series where leading practitioners are invited to share their ideas, experience and visions for the future.
- 2 Exhibitions highlighting members' work and other subjects of current interest.
- 3 Workshops, seminars and conferences to provide a platform for discourse and discussion.
- 4 An official design magazine to showcase members' work plus the design world at large.
- 5 Social media i.e. a website for MIID and a Facebook page.
- 6 Developing since 1989, an education policy with academic programmes geared towards training interior designers for design excellence.
- 7 Providing an advisory role between the Malaysian interior design profession and statutory/professional bodies e.g. Board of Architects Malaysia (Lembaga Akitek Malaysia), Fire Department (Jabatan Bomba), etc. via the Architects Act 1967 of the Laws of Malaysia (Act 117).
- 8 Actively engaging with international and regional design bodies e.g. International Federation of Interior Architects/Designers (IFI), International Design Alliance (IDA), Asia-Pacific Space Designers Association (APSDA), etc. to promote and develop the interior design profession.

LUX NEWHOUSE GROUP

MESSAGE FROM THE **PRESIDENT**

Assalamualaikum and a very warm greeting everyone.

This is the very first edition of our Newsletter for the year 2019. Since the formation of the new Council in October 2018, the Newsletter has undergone a transformation in which we aim to produce it quarterly in 2019. This is so that MIID Members and Industry Partners are constantly updated with the latest development in MIID. It has also embraced a new design outlook to reflect the dynamicity of the ever-creative interior design world.

This year, MIID successfully organised the REKA Session 32 entitled “2019 Interior Design

Global Colour Forecast”, presented by Charlie Clark of WGSN on 22nd January 2019. We also organised our MIID Chinese New Year Celebration and Appreciation Night on 20th February at the Sime Darby Convention Centre. MIID Past and current Council, Members and Industry Partners came to foster ties and celebrate the auspicious occasion together. On that note, I hope that we will continue to have the support of all MIID Members and Industry Partners for our events in 2019 to enhance the Interior Design profession of the nation.

Since the formation of the new Council in October 2018, the Newsletter has undergone a transformation in which we aim to produce it quarterly in 2019.

On MIID annual events, the **REKA Design Week (RDW)** will be held from 17th until 20th October 2019 at the Kuala Lumpur Convention Centre. RDW which comprises **REKA Interiors Exhibition (RiX), MIID REKA Conference and REKA International Design Award Ceremony**, will be moving to bigger venues to accommodate the increasing demand. **MIID REKA Awards 2019** will be opening for submissions very soon, so stay tuned! The **MIID Annual Ball and Awards Night** will be held at the Majestic Hotel, Kuala Lumpur on 22nd November 2019, which will host the Awards Ceremony for MIID REKA Awards 2019. **MIID Interior Design Students' Saturday** has chosen the theme "Waris" for this year's competition, and the host, Universiti Sains Malaysia (USM) Penang, promises a memorable experience for this year's participating universities. MIID also aims to organise another six **REKA Sessions** in 2019, covering important and diverse topics to ensure Interior Designers are equipped with valuable design-related knowledge.

On our Corporate Partnership, MIID has made improvements to the scheme since its commencement in 2013. It has been done with the intention

to provide greater benefits for the Corporate Partners who pledge with the institute in 2019. Corporate Partners now have the opportunity to be the Main Sponsor(s) of any of the MIID annual events. To date, MIID has received confirmation from Lixil Water Technology, Nippon Paint (M) Sdn Bhd, Luxx Newhouse Furniture Sdn Bhd, C.I.S Network Sdn Bhd, and Niro Ceramic to be our Corporate Partners. The institute is glad and grateful to have their support in driving MIID's vision and the pursuit of excellence in interior design. I hope these collaborations will bring sustainable benefits to all parties.

MIID would love to hear your suggestions, comments and questions on the newsletter. Do write in to us, and we would be glad to hear your thoughts.

I also hope to have all of your support for the year 2019.

Thank you.

Mohamad Faisal Ghazali
MIID President (2018-2020)

MIID CHINESE NEW YEAR CELEBRATION & APPRECIATION NIGHT 2019

MIID organised a Chinese New Year Celebration and Appreciation Night at the Sime Darby Convention Centre to usher in the year of the boar, and to thank all the Sponsors who have supported MIID in its various programmes and events in the pursuit of excellence in interior design.

DATE
20th February 2019

VENUE
Rooftop Garden Floor,
Sime Darby Convention Centre

The evening began with a speech from the MIID President, Mohamad Faisal

Ghazali, followed by the presentation of official certificates of appreciation to all Sponsors.

Invitees and guests were then treated to the traditional “lou sang” for health, wealth and prosperity.

Once again MIID would like to offer our heartfelt thanks appreciation for all the support received in 2018. May 2019 be another wonderful year for all!

MIID REKA SESSION 32

2019 INTERIOR DESIGN GLOBAL COLOUR FORECAST

DATE

Tuesday 22nd January 2019

VENUE

Ashley Furniture
Homestore Citta Mall

SPEAKER

Charlie Clark

“People are using colour combinations to create spaces that are sensorial and mood evoking”

MIID REKA Session 32 was held at Ashley Furniture Homestore at Citta Mall, an interesting and refreshing change of venue.

Titled “2019 Interior Design Global Colour Forecast”, speaker Charlie Clark presented an in-depth look into the four trends for 2019 – *Authentic Luxury*, *Conscious Awakening*, *Limitless Living* and *Urban Rebellion*. She spoke of the key colour observations, and presented a different way of thinking about colour groupings, and the important messages they convey.

Charlie also elaborated on the various ways people are using colour combinations to create spaces that are sensorial and mood evoking, whilst allowing them to experience wellness at the same time.

MIID INTERIOR DESIGN STUDENTS' SATURDAY 20TIGA:8, 2019 "WARIS"

MIID Interior Design Students' Saturday 20dua:7 took place at Sunway University on 13th October 2018.

This concept of heritage, important for mankind's continuity, refers to properties or items passed down from the old generations to the new ones via will or gift.

This year, the much awaited, glamorous and festive MIID Students' Saturday event will be hosted by Universiti Sains Malaysia (USM) in Pulau Pinang.

This event will be proudly organised by the School of Housing, Building and Planning (HBP) which is one of the nation's oldest built environment schools. Tentatively to be held on 16th November 2019, it will be the very first time the event steps out of the Klang Valley under the MIID umbrella, and into the Northern region of Malaysia.

This upcoming event will be special and unique in the sense that the venue is in close proximity to the historic city of George Town. George Town has been revered as one of the UNESCO World Heritage Sites of Malaysia on 7th July 2008, for its

Outstanding Universal Values in both tangible and intangible heritage. In conjunction with George Town's heritage significance, the theme chosen for the MIID Students' Saturday 20TIGA: 8, 2019 will be WARIS. WARIS is a Malay term for inheritance - and it is where the concept of 'heritage' is born.

This concept, important for mankind's continuity, refers to properties or items passed down from the older generations to the new ones via will or gift. As we all know, heritage is the legacy from our past, what we live with today, and what we will pass on. Since heritage embodies the relics and ethos

from the yesteryears, its sustainment thus carries utmost importance and benefits for the current and future time. As this one-day event will gather interior design students and lecturers from both public and private institutions across Malaysia, it is anticipated that the celebration and appreciation of heritage can be achieved through WARIS. As we designers advance with the modern world, we inevitably carry with us our colourful past. Hence, let us not forget that our precious history can also be leveraged to serve as a wonderful teacher for the betterment of our present and future.

DESIGN EXCELLENCE
FOOD & BEVERAGE

INTERIOR DESIGNER
Dennis Kam Thai Leong

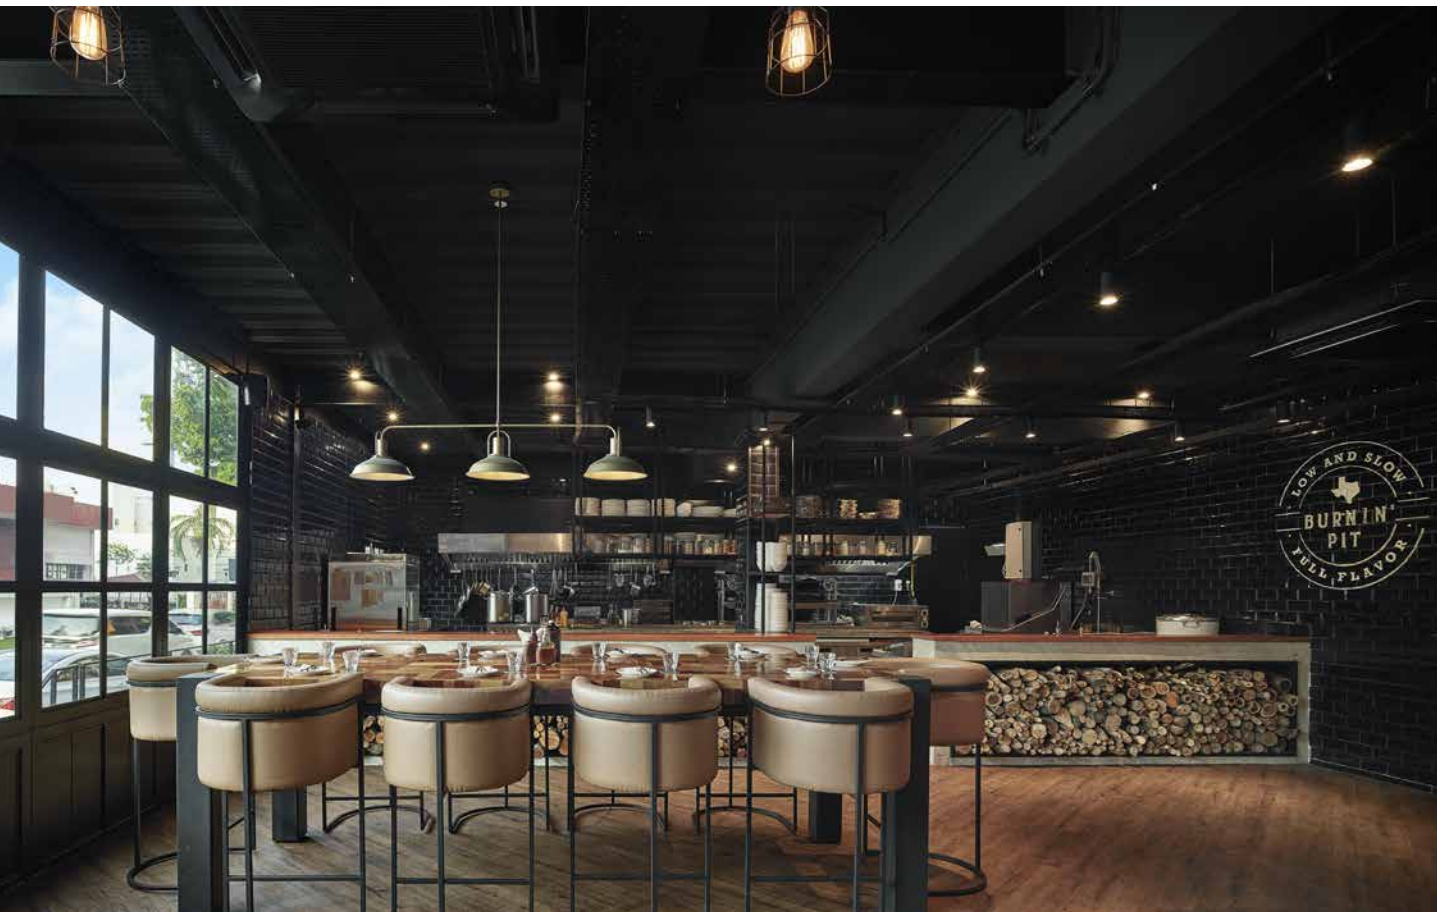

CLIENT
Global Food Initiative Sdn Bhd

The design speaks with the exterior and interior in mind. The venue's smoky nature influenced our colour decisions; using primarily charcoal black across the entire four storey façade, resembling slightly charred, barbecue burnt edges. The entire setting embodies traditional American design, using a combination of weathered material textures, allowing them to evolve over time.

The Pitmaster's apartment is a designated bar on the first floor with a homely 1920s inspired feel. There is an air of prohibition and speakeasy with its low ceiling, dimmed lighting, fireplace and close bar-height seating in palettes of oxblood and tobacco.

**JURY
CITATION**

A natural design blending the indoors outdoors. A well controlled colour palette creates a cosy, old-world feel. Overall design has a warm glow to it, befitting the name of the place.

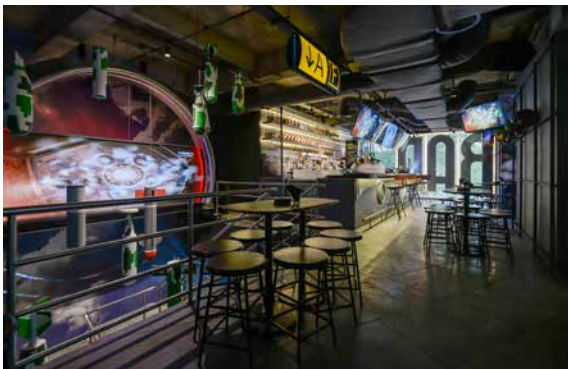

ARENA Bar KL

MIID COUNCIL MEMBER PROFILE

PATRICK CHIN YOON SEONG

Patrick Chin has been in the interior design industry since he graduated from PJ College Art & Design (PJCAD) in 1991.

Having worked with some of the most prominent design and fit-out firms in Singapore and Malaysia, his skills and design approach reflect the 28 years of being in the field, not short of his hard work, commitment and constant desire to experiment with new ideas which led to achievements today.

Since then, Patrick has partnered with independent

professionals and organisations in design and build projects of various industries; residential, retail, commercial and hospitality. His designs reflect his strong belief that functionality always comes first before aesthetics/form, followed by practicality because a nice design that is not user-friendly or with no purpose is pointless.

Exhibition and installation designs for CIS Network & Malaysia Institute of Interior Designers, Judging panel for Archidex 2018 booths, featured designer and guest judge in Home & Decor Magazine.

MIID COUNCIL MEMBER PROFILE

**AIDATUL AIDA
AHMAD KUSHAIRI**

Aidatul Aida is an accomplished practitioner and educator in interior architecture for more than 10 years combined.

After graduating with a in Diploma in Interior Design, Aidatul Aida started her career working under a renowned Malaysian Architect, Dato' Ar. Ken Yeang in 1997 before the recession hit in 1998/99.

She survived and continued her career working with Radius GSA, and then moving ahead, working with Arc Radius Sdn Bhd. Since then, she has worked with various accomplished interior design and architectural firms in Malaysia, after gaining her Degree in Interior Architecture.

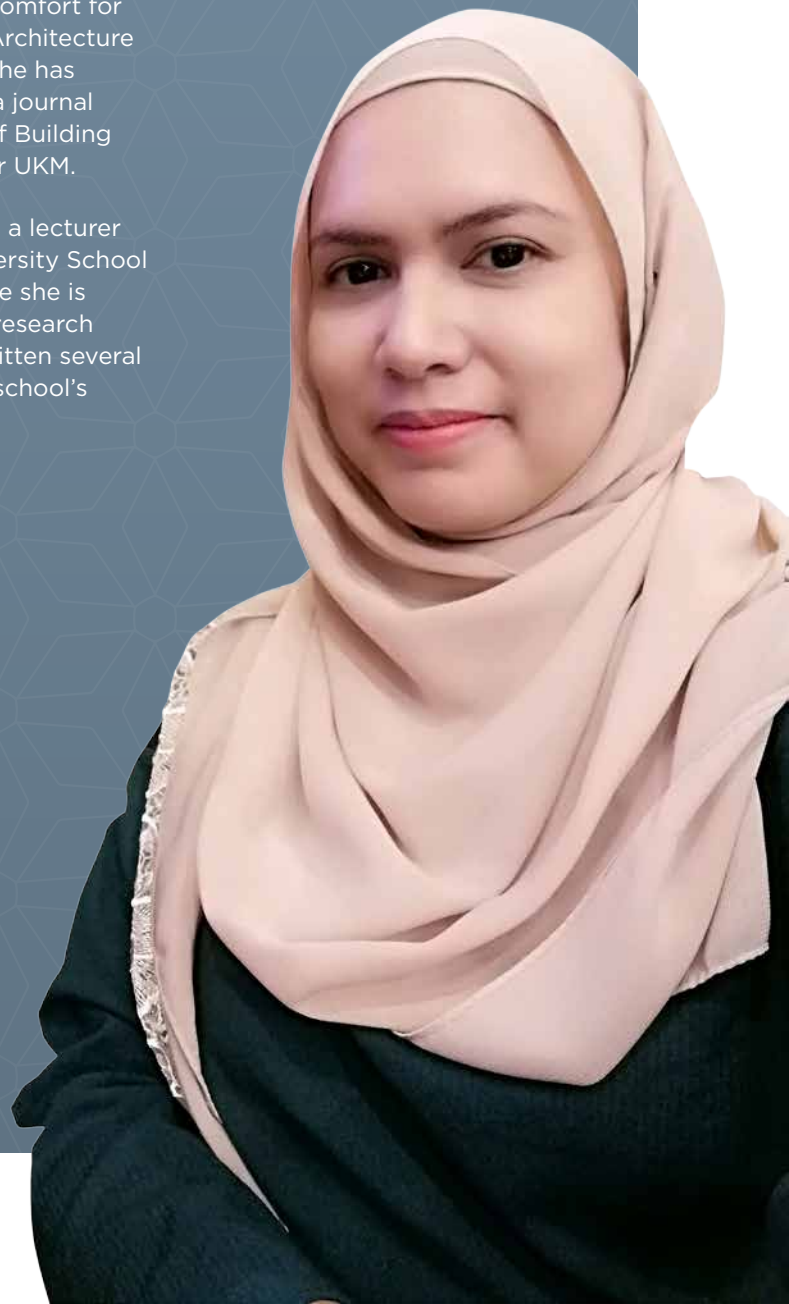

She was also a former Studio Manager and Assistant Director, before setting up her own company, Square One Design, collaborating with established interior designers as partners.

She and her partners were responsible for the design and completion of various interior works for projects

under Ministry of Youth and Sports, including the Sports Complex at Mont Kiara, to name a few.

Having developed an interest in sustainable design, she has dedicated her research study on indoor human comfort for her Masters in Architecture (Sustainable). She has also published a journal in the Journal of Building Performance for UKM.

Currently, she is a lecturer at Taylor's University School of Design, where she is continuing her research and has also written several articles for the school's website.

**NEW
FACES**

MIID COUNCIL MEMBER PROFILE

AR. CHIN PAK LOONG

Ipoh born Ar. Chin Pak Loong has always been a great enthusiast in art and design since the tender age of 6 and has won numerous awards both locally and internationally since 1989.

His flair in creativity has led him into the path of becoming an architect and graduated from Curtin University of Technology with an honours degree. He joined Western Australia's award-winning architecture firms Banham Architects and then later Overmand and Zuideveld Architects.

He came back to Kuala Lumpur in 2001, and undertook both the architecture and interior design for arguably Kuala Lumpur's then most exclusive dance club, Nouvo Dance Club. He then joined international architecture firm B+N Group and was responsible for the implementation of architecture, interior design and exhibits for the Royal Selangor Pewter International Visitor Centre and World Headquarters.

Chin was formerly the managing director and founder of MAA Space, where he partnered

Arkitek MAA and in 2013, he decided to venture under his own. Hence CHINPAKLOONG Architect was formed. He has exposure in both local and international architecture and interior projects mainly in Malaysia, China, Australia, Thailand and Middle East. His firm has completed a string of Hospitality, Entertainment, Leisure and Lifestyle projects. They are currently involved in the Genting Outdoor Theme Park and other hotels, resorts and shopping centers.

In their design studio they believe design matters: "thinking out of the box" where they question and provide design solutions through collaborative design.

NEW MIID BODY CORPORATE MEMBERSHIP CATEGORIES

MIID is pleased to announce that we have officially open two (2) new categories of MIID membership:

1. Body Corporate for Industry
2. Body Corporate for Design Firm

You are invited to join MIID as our member to benefit the privileges simultaneously contributing towards the growth of the Interior Design industry.

Entrance / Subscription fee for both categories:

Entrance fee
RM1,000

Subscription fee
RM500 (Design Firm)
RM1,000 (Industry)
