Class Activity

During a breakout session in Webex, you will be randomly selected into 10 different groups. Based on the given topic, you need to find information from textbooks / online resources and prepare a slide presentation (3 – 5 slides) using Ms Power Point or any online platform such as Google Slides, Canva, Genially, etc. You are given 30 minutes to finish the task, upload / share your slide here, and present it in class. Give a **"LIKE"** to the **BEST SLIDE** in Padlet. The best group with the highest number of "LIKE" will receive a **Mystery Gift** from me!! =P. ENJOY!!!

Group 1 & 2: Chytridiomycota

Group 3 & 4: Zygomycota

Group 5 & 6: Glomeromycota

Group 7 & 8: Ascomycota

Group 9 & 10: Basidiomycota

Group 11 & 12: Microsporidia

Group 1: Chytridiomycota
