LSP Group 5

EXCERPT 2 : MYSALAM

Question 1 : Do You Think The Targeted Groups (B40 And M40) Are Aware Of This Scheme?

I think the targeted groups of B40 and M40 are aware of this scheme. This is because this scheme is to help those in need. The government also always provide the information to help this group aware of this scheme trough news and the press. There is no doubt that the targeted group will always aware of this scheme that can help them.

Not only that, they will always aware of this scheme as it is a relief to them. If the targeted group was diagnosed with any critical illnesses and there are under this scheme, MySalam will provide the one-off payment to help them and there are eligible to claim a daily payment.

Question 2 : In Your Opinion, What Could Be The Downside Of Implementing This Scheme?

In my opinion, one of the downside of implementing this scheme is the money that this targeted group will receive is take time. This is because, in order to provide financial support to this group they need to make sure that the group are eligible and not try to cheat.

Other than that, the downside of implementing this scheme is if the targeted was 55 years old and above, they will not receive this help. Not only that, the person who are not sick enough also did not receive this help like heart attack. If patients have a critical heart attack problem, then the help will be provided to them.

EXCERPT 3 : FINAL FUNERAL RITES

Question 1 : In Your Opinion, Is It Acceptable To Forgo The Traditional Burial Customs During A Pandemic?

In my opinion, it is acceptable enough to forgo the traditional burial customs during this pandemic. This is because, it is for our safety as the virus still can be contagious to others even though the infected person has died. If the spread of this pandemic is unstoppable, it will only make things become worse.

However, funerals will still be conducted but only by those who are specially trained according to the Health Ministry's guidelines. The family members cannot go near to the bodies as it is for their own safety. That is why for me, it is acceptable enough to forgo the traditional burial during this pandemic.

Question 2 : How Can The Family Show Their Last Respects To The Deceased Without Violating The Movement Control Order (MCO)?

The family members can show their last respect to the deceased by pray for them. As for Muslims, they can do the prayers for the body even though the body is not in front of them meanwhile for non-Muslim's they can give their last respect according to their beliefs.

Other than that, they can show their last respect to the deceased according to their beliefs. For instance, Chinese beliefs that they have to wear a black suit for a few days until the mourning time is over to show their last respect to the deceased as for husband or wife that lose their partner, they have to wear it for a longer time.
