Graduate Outcomes survey

In about 15 months' time, you will be invited to take part in the UK's biggest, annual

social survey, Graduate Outcomes. The survey is owned and managed by HESA (the Higher Education Statistics Agency) and seeks to understand whether you are in employment, have continued with further study or are doing something else. Further information on the survey can be found on HESA's website, [here](#).

Responses to the survey are important to us because they:

- give current and future students ideas for career paths and further study options
- contribute to the University's position in league tables, boosting the reputation of Cardiff graduates amongst employers
-

Please help us by:

- updating your contact details with a personal email address, mobile and home telephone numbers on SIMS
- completing the survey online, via the unique link that will be emailed and sent to you by text

Yours sincerely,

Tracey Evans
